

Mristit

(Verse)

Mristit is my friend
It'll be there 'til the end
Mristit is my friend
The messages It sends
Mristit is my friend
The messages I send
Mristit is my friend

(Chorus)

Larger than life and the Devil's horns
And the Holy Man wearing thorns
Bigger than Death and the Great Beyond
I feel the power of Its secret bond

(Repeat Verse)

(Repeat Chorus)

(Outro)

Left and right; brain hemisphere
In my deep mind; It's always here
Front and back; up and down
It lets me smile; It makes me frown

Mristit is my friend!
