

UFO

V) I was beamed-up into Its ship
It jabbed a needle in my hip
The Creature came from Outer Space
It stared into my frightened face

C) UFO, UFO, AAAGGGHHH! Let me go!
UFO, UFO, AAAGGGHHH! Let me go!
UFO, UFO, I don't dig this astral show
UFO, UFO, AAAGGGHHH! Let me go!

V) I felt helpless and "The Scare!"
Laser probes were in my hair
Small and blue; Its eyes were big
I squirmed around like a guinea pig

C) Repeat

B) I'm treated like an animal that has no sense of feeling
Cut-up; and kicked around like a piece of dirty trash
I'm thinking about dogs and cats, and dead laboratory rats
I guess the Creature makes Itself a nice wad of bloody cash

C) Repeat twice
